The Hon. Com. of Pensions
Washington D.C.

Dear Sir:- Frank Hamsher, member of Co. "G" 84th Wisconsin Infantry, enlisted Dec. 6th 1862, age 21 years, and was mustered out Sept 8th 1863. I suspect the cause may have been disability and that therefore he may have become a pensioner. His father (as I suspect) was my full cousin. I am preparing a family history and am therefore anxious to find him and the family through him. Will you be so kind as to tell me whether he is or was on the roll of pensioners and if so whether you can give me any clue to present address, if living. Or if not their last former home.

Very Respectfully

Robert Cowden

Hon Commissioner of Pensions

Dear Sir:

I am sending you herewith an application of Mrs Emma Hamshire of Kewaunee Wis, for a new Pension Certificate which was handed to me. Mrs. Hamshire is an old lady with poor memory and cannot find the certificate. On previous occasions when she presented her pension check to have it cashed, presentation of her certificate was not demanded. When she presented her July check for payment the clerk asked her to show the certificate. She has searched everywhere and is unable to find it. Her husband Frank Hamshire served in Co. D. 34 Regiment Wisconsin Volunteer Infantry. A new certificate should be issued to the woman.

Sincerely yours
Thomas F Konop.

IMPORTANT

TO GUARDIANS OF PENSIONERS OF THE UNITED STATES.

Section 4766 U. S. R. S., as amended by the Act of August 8, 1882, provides: * * * "But the payments to persons laboring under legal disabilities *may* be made to the guardians of such persons in the manner herein described * * *."

Sections 4783 and 5486 U. S. R. S., as amended by the Act of February 10, 1891, provides: "That sections 4783 and 5486 of the Revised Statutes be, and the same are hereby, so amended as to read as follows: 'Every guardian, conservator, curator, committee, tutor, or other person having charge and custody in a fiduciary capacity of the pension of his ward, who shall embezzle the same in violation of his trust, or fraudulently convert the same to his own use, shall be punished by fine not exceeding two thousand dollars or imprisonment at hard labor for a term not exceeding five years, or both, at the discretion of the court.'"

In case of United States *v.* Hall (98 U. S. 343) the Supreme Court used the following language: "Power to protect the fund (pension) from misappropriation, fraud, and unauthorized conversion to the use of another, and to secure its safe and unimpaired transmission to the beneficiary has been claimed and exercised through the whole period since Congress under the Constitution commenced to grant such bounties. * * * The United States, as the donors of the pensions, may, through the legislative department of the Government, annex such conditions to the donation as they see fit to insure its transmission unimpaired to the beneficiary. The guardian no more than the agent or attorney of the pensioner, is obliged by the laws of Congress to receive the fund; but if he does he must accept it subject to the annexed conditions. The word 'guardian' as used in the Acts of Congress, is merely the designation of the person to whom the money granted may be paid for the use and benefit of the pensioners. The fund proceeds from the United States, and inasmuch as the donation is a voluntary gift, the Congress may pass laws for its protection certainly until it passes into the hands of the beneficiary."

In order that the Commissioner of Pensions may determine whether payments of pensions to the guardians or committees of pensioners are being properly disbursed, the attached form of account will be required, correctly filled in and executed, with the voucher *next preceding the first day of January of each year.* In cases of failure to submit the account, payment on the voucher with which it is required and all subsequent payments will be withheld pending receipt of the account. In cases where the disbursements do not meet with the approval of the Commissioner of Pensions, payments will be withheld pending explanations by the guardians or committees, or pending such other action as the facts may warrant.

The statement must not include, either in case of receipts or disbursements, any items belonging to the wards and coming to the attention of the guardians or committees from sources other than payments of pensions.

The accounting required herein has no bearing or relation to the requirements of the courts appointing guardians or committees as to accounting to the courts, nor to the evidence of such accounting required by pension agents when the annual payments of pensions amount to more than $500 every two years.

(Signed) H. Clay Evans

Commissioner of Pensions.

S., as amended by the Act of February 10, 1891, provides: "That sections 4783 and 5486 of the Revised Statutes be, and the same are hereby, so amended as to read as follows: 'Every guardian, conservator, curator, committee, tutor, or other person having charge and custody in a fiduciary capacity of the pension of his ward, who shall embezzle the same in violation of his trust, or fraudulently convert the same to his own use, shall be punished by fine not exceeding two thousand dollars or imprisonment at hard labor for a term not exceeding five years, or both, at the discretion of the court.'"

In case of United States *v.* Hall (98 U. S. 343) the Supreme Court used the following language: "Power to protect the fund (pension) from misappropriation, fraud, and unauthorized conversion to the use of another, and to secure its safe and unimpaired transmission to the beneficiary has been claimed and exercised through the whole period since Congress under the Constitution commenced to grant such bounties. * * * The United States, as the donors of the pensions, may, through the legislative department of the Government, annex such conditions to the donation as they see fit to insure its transmission unimpaired to the beneficiary. The guardian no more than the agent or attorney of the pensioner, is obliged by the laws of Congress to receive the fund; but if he does he must accept it subject to the annexed conditions. The word 'guardian' as used in the Acts of Congress, is merely the designation of the person to whom the money granted may be paid for the use and benefit of the pensioners. The fund proceeds from the United States, and inasmuch as the donation is a voluntary gift, the Congress may pass laws for its protection certainly until it passes into the hands of the beneficiary."

In order that the Commissioner of Pensions may determine whether payments of pensions to the guardians or committees of pensioners are being properly disbursed, the attached form of account will be required, correctly filled in and executed, with the voucher *next preceding the first day of January of each year.* In cases of failure to submit the account, payment on the voucher with which it is required and all subsequent payments will be withheld pending receipt of the account. In cases where the disbursements do not meet with the approval of the Commissioner of Pensions, payments will be withheld pending explanations by the guardians or committees, or pending such other action as the facts may warrant.

The statement must not include, either in case of receipts or disbursements, any items belonging to the wards and coming to the attention of the guardians or committees from sources other than payments of pensions.

The accounting required herein has no bearing or relation to the requirements of the courts appointing guardians or committees as to accounting to the courts, nor to the evidence of such accounting required by pension agents when the annual payments of pensions amount to more than $500 every two years.

TO GUARDIANS OF PENSIONERS OF THE UNITED STATES.

Section 4766 U. S. R. S., as amended by the Act of August 8, 1882, provides: * * * "But the payments to persons laboring under legal disabilities *may* be made to the guardians of such persons in the manner herein described * * *."

Sections 4783 and 5486 U. S. R. S., as amended by the Act of February 10, 1891, provides: "That sections 4783 and 5486 of the Revised Statutes be, and the same are hereby, so amended as to read as follows: 'Every guardian, conservator, curator, committee, tutor, or other person having charge and custody in a fiduciary capacity of the pension of his ward, who shall embezzle the same in violation of his trust, or fraudulently convert the same to his own use, shall be punished by fine not exceeding two thousand dollars or imprisonment at hard labor for a term not exceeding five years, or both, at the discretion of the court.'"

In case of United States *v.* Hall (98 U. S. 343) the Supreme Court used the following language: "Power to protect the fund (pension) from misappropriation, fraud, and unauthorized conversion to the use of another, and to secure its safe and unimpaired transmission to the beneficiary has been claimed and exercised through the whole period since Congress under the Constitution commenced to grant such bounties. * * * The United States, as the donors of the pensions, may, through the legislative department of the Government, annex such conditions to the donation as they see fit to insure its transmission unimpaired to the beneficiary. In order that the Commissioner of Pensions may determine whether payments of pensions to the guardians or committees of pensioners are being properly disbursed, the attached form of account will be required, correctly filled in and executed, with the voucher *next preceding the first day of January of each year.* In cases of failure to submit the account, payment on the voucher with which it is required and all subsequent payments will be withheld pending receipt of the account. In cases where the disbursements do not meet with the approval of the Commissioner of Pensions, payments will be withheld pending explanations by the guardians or committees, or pending such other action as the facts may warrant.

The statement must not include, either in case of receipts or disbursements, any items belonging to the wards and coming to the attention of the guardians or committees from sources other than payments of pensions.

The accounting required herein has no bearing or relation to the requirements of the courts appointing guardians or committees as to accounting to the courts, nor to the evidence of such accounting required by pension agents when the annual payments of pensions amount to more than $500 every two years.

[Original, increase, restoration, &c.]

Here give the claimant's statement as briefly and as compactly as possible.

At Columbus, Ohio, in 1863, while shooting at a target, the breech pin was blown backwards, the gun discharging, and the powder burned my eyes. Since that time the sight of right eye is entirely gone and that of left eye is impaired. At Memphis also in 1863 I rec'd a g.s. wound in right wrist. was in hospital for about a month. A mule kicked in right hip and that spot is painfull yet. I cant do any manual labor at all.

Upon examination we find the following objective conditions: Pulse rate, 68; respiration, 20; temperature, 98.5; height, 5 feet 11½ inches; weight, 170 pounds; age, 49 years.

Here give a full description of the disabilities, in accordance with pars. 5, 6, 51, 52, &c., of Book of Instructions for 1889

Both corneae are clear, nr convexities. Both eyes respond to stimulus of light readily. No ophthalmoscopic changes in internal structure of either eye, but he has a diverging strabismus of right eye. He sees Snellen No. III at 18" distance with left eye without glasses. He claims he can not see at all with right eye, & don't he winks with lids, when finger is pointed and moved towards eye. We believe, that both eyes are perfectly normal, except the mentioned strabismus.

Over the proximal head of meta-tarsal bone of great toe is a circular cicatrix ½" in diameter, slightly depressed and adherent to fascia beneath, the result of a spent ball. A few small pieces of bone were discharged and the tendon of toe is implicated; the toe cant be raised, only to very slight extent. — 6" below the trochanter major is a small tumor, undoubtedly of a fatty character, (situated in middle and outer aspect of thigh) the alleged result of a Kick, but no disability was caused by this. He is disabled by reason of the g.s. wound equal to ⅓ of Anchylosis. No other pensionable disability present.

He is, in our opinion, entitled to a 4/18 of 3d gr. rating for the disability caused by G.S.W. of right wrist. for that caused by _____, and _____ for that caused by _____
